LIFE LONG LEARNING (LLL)

CNS is pleased to partner with ESPEN for our third annual LLL live module on "Nutrition in Oncology", taught by Dr. Alessandro Laviano (Italy).

THE LLL NUTRITION IN ONCOLOGY MODULES WILL INCLUDE:

- Mechanisms of Wasting in Cancer Cachexia
- Cancer Anorexia
- Benefits and Limitations of Conventional Nutritional Support for Cancer Patients
- Pharmacological and Multimodal Therapy for Cancer Cachexia
- Nutrition in Prevention of Cancer

This live LLL session is being held during the CNS 2016 Annual Conference. The course has limited capacity and is available to clinical professionals, with primary acceptance given to those professionals who are CNS members.

COST TO PARTICIPATE:

Conference Delegate and CNS Member	\$30.00
Conference Delegate and non members.....	\$50.00
CNS Member - LLL only	\$75.00
Non-member - LLL only	\$125.00

To register, please visit www.cns-scn.ca

ABOUT DR. ALESSANDRO LAVIANO

Alessandro Laviano, MD, is associate professor of Internal Medicine at the Department of Clinical Medicine, Sapienza University of Rome, Italy, where he received his MD degree. In the period 1994-1995, Dr. Laviano worked as a research fellow in the Surgical Metabolism Laboratory at the Department of Surgery, SUNY Health Science Center, Syracuse, NY, USA, where he holds a position of Visiting Research Assistant Professor. Dr. Laviano's main research interests are: cancer cachexia, nutritional manipulation of tumor growth, and use of nutraceuticals to modulate glucose homeostasis.

Dr. Laviano is the current chairman of the Educational and Clinical Practice Committee of the European Society for Clinical Nutrition and Metabolism (ESPEN), and collaborates with the European Commission for the evaluation of the grants submitted for funding in the area of Nutrition and Health.

Dr. Laviano is member of the Editorial Board of several international peer-reviewed journals, including "British Journal of Nutrition". He is currently Associate Editor of "Clinical Nutrition", First Editor of "British Journal of Nutrition", and Associate Editor of "Journal of Cachexia, Sarcopenia and Muscle". Dr. Laviano has a total of more than 140 publications across international peer reviewed journals.

ABOUT THE **LLL** PROGRAM

cns-scn.ca

**SATURDAY
MAY 7
2016**

**12:15
TO
15:15**

The Life Long Learning (LLL) program in Clinical Nutrition and Metabolism is an extremely effective educational program for medical doctors and health specialists, including registered dietitians, nurses and pharmacists offering training on-line and at live courses, by variety of innovative training methodologies and resources.

LLL program in Clinical Nutrition and Metabolism is based on an Educational curriculum offering 120 training modules (100 are already available on-line) created and peer reviewed by recognized European experts. The Modules are freely accessible on-line after registration (Create new account at www.LLLnutrition.com). The module is the main educational unit of LLL-Program. Each module consists of updated review on a certain problem, clinical case, self-assessment test and grading quiz. Modules on related subject areas are grouped into Topics making it easier for the user to select modules in a particular field of interest.

We are excited to be hosting the 2016 Annual Conference in Canada's National Capital Region. The CNS Annual Conference is a forum for the presentation of scientific research spanning basic, regulatory/policy, clinical and community nutrition research. It offers an exceptional learning environment and brings together nutrition experts, opinion leaders, industry representatives, government officials, and future leaders.

HIGHLIGHTS OF SOME OF OUR CLINICAL SESSIONS INCLUDE:

- ➔ **Nutrition and Child Health: Enteral nutrition as a first-line treatment for children with Crohn's disease**
Speakers: Dr. Tommy Cederhom, Dr. Khursheed Jeejeebhoy, Ainsley Malone
- ➔ **Dialogue on implementing malnutrition diagnosis criteria; perspectives from three regions**
Speakers: Dr. Tommy Cederhom, Dr. Khursheed Jeejeebhoy, Ainsley Malone
- ➔ **Should prenatal supplement content for Canadian pregnant women be revisited?**
Speakers: Dr. Deborah O'Connor, Dr. Yvonne Lamers
- ➔ **Optimizing human milk for the medically compromised infant**
Speakers: Dr. Sharon Unger, Dr. Shinya Ito
- ➔ **Food and Nutrition Surveillance Activities – 2015 CCHS Nutrition and More**
Speakers: Danielle Brulé, Statistic Canada Officials
- ➔ **Should we still be collecting self-reporting dietary data? Of course we should!**
Speakers: Dr. Amy Subar, Dr. Sharon Kirkpatrick
- ➔ **Has the Nutritional Value of Wheat Changed? The Science Behind Gut Health and the Gluten-Free Explosion**
Speakers: Dr. Julie Miller Jones, Dr. Ravindra Chibbar
- ➔ **Understanding the Science on Meat & Cancer**
Speakers: Dr. Dominik Alexander, Dr. David Klurfeld

PRE-CONFERENCE WORKSHOPS:

Food for Health Workshop

"Global approaches to food, nutrition and agricultural research partnerships to align research agendas and to improve public health."

Early Bird registration ends on March 24th, 2016.
